

Acknowledgment to reviewers—2017

© Springer-Verlag GmbH Germany, part of Springer Nature 2018

The editors and the publisher gratefully acknowledge the excellent work provided by our reviewers over the past year. The quality of the journal is definitely dependent upon the review process. The work performed by our reviewers is essential for the increasing interest of our journal within the plastic surgery arena in Europe and elsewhere. We have a common interest in making the European Journal of Plastic Surgery an even better one as well as a leading plastic surgery journal. We wish you a happy and prosperous 2018!
